VISION OF DRISHTI IMPORTS INC

Drishti Imports Inc. seeks to establish a clothing manufacturing and distribution business in the United States, led by its **100% owner and Chief Operating Officer, Rekha Dhingra**. The company will focus on providing high quality and affordable Indian influenced fashion to women and children located in the United States. The company is physically located in New York City's famous garment district and initially targets customers in the New York/New Jersey area and makes calculated moves into markets down the eastern seaboard of the US. The company will also aggressively grow its national customer base through its well designed and highly functional website which allows customers to view products, make inquiries, and place orders.

Rekha Dhingra has already built a solid track record working in the fashion industry and has built up a successful garment manufacturing and distribution channel through her wholly owned India Corporation **OM Overseas**. The affiliation that Drishti Imports Inc has with OM Overseas will prove particularly beneficial in establishing its US presence as it will be a strong competitive advantage in that it will have direct access to the Indian manufacturer eliminating the "middle man" that is often prevalent in the fashion industry.

With a sound underlying business model and the core competency of its leadership, Drishti Imports Inc. is well positioned to thrive over time in growing its business and serving customers in the fashion industry.
